PERSONAL PROFILE

I'm Alex, a 19-year-old games development student based in Lincoln. My ambition is to become a full-time game developer. I have extensive knowledge of coding languages such as C#, Python, VB.net, Assembly, Haskell, SQL, DDL and DDM. I enjoy challenging myself mentally with coding, philosophy and other similar problem-solving activities.

WORK EXPERIENCE

February 2022

Various coding projects ▪ Freelance

August 2019

File Management ▪ Adults Supporting Adults

- I have experience tutoring children at my school in computer science and maths.
- I am currently learning JavaScript, HTML and CSS to develop my own website from scratch.

PAST CODING PROJECTS

- A turn-based strategy game with AI opponent
- A platforming game with custom built rope rendering
- A wordsearch generator
- Work on an army management game
- Sorting algorithms and encryption algorithms

LEADERSHIP

- I have been the leader for multiple coding events such as the Cyber Centurions, Reply coding challenge, VimJam3 and more.
